

# The CONSERVE 2021 checklist is designed

The CONSERVE 2021 checklist is designed for reporting trial protocols and completed trials that have undergone significant modifications due to the COVID-19 pandemic or other extenuating circumstances. Here's a summarized checklist based on the CONSERVE guidelines:

Questions	Yes	No
1. <b>Extenuating Circumstances:</b> Describe any extenuating circumstances that led to modifications in the trial.	<input type="checkbox"/>	<input type="checkbox"/>
2. <b>Important Modifications:</b> Detail the important modifications made to the trial, including impacts and mitigating strategies.	<input type="checkbox"/>	<input type="checkbox"/>
3. <b>Responsible Parties:</b> Identify the parties responsible for the modifications and their roles.	<input type="checkbox"/>	<input type="checkbox"/>
4. <b>Interim Data:</b> Provide information on any interim data and its implications for the trial.	<input type="checkbox"/>	<input type="checkbox"/>

This checklist is an extension of the CONSORT and SPIRIT statements and should be used to ensure transparent and complete reporting of trials that have been modified in response to unforeseen events.
