Aims and scope

Research Reviews

Biotechnology Advances is a review journal which considers all aspects of the multidisciplinary field. The scope includes **biotechnology** principles and applications in industry, agriculture, medicine, environmental concerns and regulatory issues. Authoritative articles on current **developments** and future **trends** in biotechnology are emphasized. [Submissions](#) of appropriate manuscripts are invited. A wide audience of scientists, engineers and others is addressed: students, instructors, researchers, practitioners, managers, governments and related stakeholders. Special issues are published on selections of presentations at recent relevant conferences as arranged with the organizations.

Benefits to authors

We also provide many author benefits, such as free PDFs, a liberal copyright policy, special discounts on Elsevier publications and much more. Please click here for more information on our [author services](#).
